## At Several Schools

## Teacher Aides To Be Used For Non-professional Duties

The new year will see several major changes in effect in several of the elementary-junior high schools of the county. Earlier this term, changes were required to provide for greater amounts of time to be spent on the basic subject areas of arithmetic, reading, language and social studies. Results of the emphasis in these fields have been very good. The school committee, acting in the light of several complete reports on individual schools in the county by Superintendent E. F. Bardock, has authorized the employment of teacher aides to provide for adequate non-professional assistance for teachers. It is expected that the implementation of this and other recommendations contained in the reports will provide for improvement in the effectiveness and efficiency of the operation of the educational program offered in the county.

Operating within the broad guidelines established by the superintendent for the position, the teacher aides will perform many jobs formerly required of classroom teachers although they will not perform tasks that are strictly professional in nature since the plan is based on the premise that certificated teachers should not be required to perform non-teaching tasks and that non-certificated personnel should not be permitted to perform teaching functions. Provision of these aides should ensure that the teachers are using their time on professional tasks and that the program will result in more time for planning, remedial work and individualized instruction.

In his report to the school committee, Mr. Bardock stated that new ways of solving the problem of staff utilization had to be found. He had every hope that

the proposal would not only give some relief to the teacher shortage in the county but would help ensure that economical use of the qualified teacher's time was being made and that elementary teachers would be provided with special periods in which they could do their planning or remedial work.

## Frank Nicholl, Former Lomond Resident, Passes

A farmer at Reid Hill and Lomond for many years, Francis Whitelaw (Frank) Nicholl died at Calgary on Dec. 8, 1966. He was 76 years of age.

Born at Attwood, Ont., Mr. Whitelaw moved to Saskatchewan in 1914, to the Reid Hill district in 1919 and in 1924 to Lomond where he farmed until retiring to Calgary in 1948. He was a long-time member of the Alberta Wheat Pool and a member of Renfrew Lodge No. 134, A.F. & A.M.

Besides his wife, Marie, he is survived by three sons, Leslie, Vancouver, George, Lomond, and Leroy, Campbell River, B.C.; six grandchildren and two sisters, Mrs. James (Annie) Chapman, Calgary, and Mrs. Mabel Martin, Denver, Col.

Services were held Dec. 10, at the Little Chapel on the Corner, Calgary, with Rev. J. T. Irwin officiating and interment was in Mountain View Memorial Gardens. Pall bearers were Bert Jeffrey, Gideon Lyal, William MacDonald, Frank Schleppe, Charles Stunzi and Kenneth Wray.

## Mr. and Mrs. George Hedges

## Former Lomond Couple Mark 65th Anniversary

Well known former residents of Lomond, Mr. and Mrs. George Hedges of Calgary marked their 65th wedding anniversary on Jan. 1.

Residents of the Kenwood Nursing Home for the past two years, they are both now in their 90th year and feel they have enjoyed a full and interesting life. Their only separation in 65 years of married life came during the First World War when Mrs. Hedges returned with her small son to visit relatives in England and had to remain there two years, until the war ended.

Married at St. Leonard's Church, Wallingford, England, Jan. 1, 1902, they came to Canada in 1906, settling at Winnipeg. The next year they homesteaded near Lomond and in 1916 moved into Lomond where Mr. Hedges became night watchman for the CPR and

also worked in a lumber yard. He was a hardware merchant for a brief period, until appointed as Lomond's post master in 1930. For two decades, until their retirement in 1950, they ran the post office together and can look back on depression, fire, robbery and other events of small town life over a 20-year period.

Consideration for the other partner, they agree, plays a large part in their happy relationship.

Mr. and Mrs. Hedges have one son, Jack, in Calgary, and two grandchildren.

## Friday Night Shopping . . .

Residents of the town and district are reminded that Friday night shopping comes into effect this weekend. Retail stores at Vulcan will be open until 9:00 p.m. this Friday night and will close at 6:00 p.m. on Saturday.

Businessmen of the Vulcan District Chamber of Commerce gave consideration to this move during the last three months of 1966 and circulated a petition favoring the new hours. It was passed through town council at the December sittings and as an aid to Christmas shoppers Friday, Dec. 23 was observed for evening shopping.

Many other towns close at 6:00 p.m. Saturdays during the winter months but do not stay open Friday nights and it is possible that Vulcan is the first town in this area to go for the Friday night shopping.

## George Deal Dies At Age 62

A district resident since 1929, George Deal of Vulcan died Jan. 1, 1967.

Born in Russia, he came to Calgary in 1912, lived in Saskatchewan from 1915 to 1925, returned to Calgary and lived at High River from 1927 to 1929. He was a member and elder of the Church of Christ and member of the Alberta Wheat Pool and the F.U.A.

Besides his wife, Nina, he is survived by two daughters, Mrs. Adrian (Carolyn) Carter, Calgary, and Miss Shirley Deal, Vulcan; one son, Victor of Vulcan; three grandchildren; two sisters, Mrs. Marie Wiltse, Calgary, and Mrs. Molly Brown, Portland, Ore.; three brothers, Con Deal, Vulcan, Dave Deal, Champion and Henry Deal, Lethbridge.

Walter A. McNiven, son of Mr. and Mrs. Donald A. McNiven of Vulcan, recently graduated from the University of Alberta, Calgary with the degree of Bachelor of Education.

He commenced school in Horvonton, but completed his schooling at the Vulcan High School. He is presently teaching at the Lomond School.

Services were conducted by Rev. R. J. Pelham at the Vulcan Church of Christ at 2:00 p.m., Wednesday, Jan. 3.

Funeral arrangements were in charge of the Vulcan Funeral Home.

Pall bearers were Cal Hollister, Hank Rutberg, Doug Smith, Jim Reuth, Stan Wickstrom and Clifford Webber.

## F. & G. Trophy Night Jan. 21

New to the Vulcan Fish and Game Association is the Trophy Night to be held Saturday, Jan. 21

at 8 p.m., in the Vulcan Lodge Hall. This new innovation was decided upon during 1966 and the

date was set following an executive meeting of the organization last week.

Attendance at this event is open to anyone interested in hunting but a Fish and Game membership is required to enter the actual trophy competition.

Contestants are asked to bring horns to the Lodge hall on the 21st when they will be measured.

In past years the awarding of trophies has always been included in the annual Sportsmen's Night banquet however it is anticipated that this feature of Fish and Game is of sufficient importance and interest to devote a special night for it. Thirteen trophies will be up for competition.

The following two days, Jan. 22 and 23rd, an instructors' course in the hunter-training program will be held. Fish and Game President John Andrews is also anxious to begin a hunter-training course as soon as possible and applications are available from him.

Films will be shown on the program and Paul Presidente, hunter-training officer for the Province, will be introduced. Lunch will be served at the conclusion.

## Changes Hands

The Vulcan Hotel changed hands the first of the year, the purchaser being George Will of Calgary, former proprietor of the Nanton Hotel.

Former owner Albert Schmolke has moved to Calgary.

## You Can Lead a Coyote To The Corral . . .

FRIENDLY PERSUASION. You see some of the strangest sights when you visit the Dan McNiven Jr. farm. Especially at about 7:30 on a cold winter morning. Dan's up, by pre-arranged date, and strangely enough, his friendly abuse is just as present and biting as it is at 10 o'clock at night. It's also strange that for a man who is lord and master over all he surveys on his section or two, none

of his family are up bowing to his demand for bacon and eggs. And then there's the goings-on in the farmyard pictured above. It won't sit very well with local Fish and Game-ers to see their next president luring this neighborhood coyote in with the lunch bowl in one hand, a rifle in the other. Either its poor sportsmanship or he's afraid of the coyote biting the hand that feeds him. Of course

everyone but the beagle pup in the photo knows the coyote is quite dead and just froze in this lively position. And the pup had better get a few facts straightened out or the next coyote he attempts to chum with may be alive, hungry and not fussy. And it will follow that Dan will lose many of his good conduct credits around home and be on his way to the Marganna Kennels for another purchase.

## At County Meeting

# Priorities In Improvement Of County Roads Is Set

Priority in hard-surfacing of roads in the County of Vulcan was established at the regular December meeting of the County Council, when engineers from Underwood, McClellan & Associates, Calgary, who are making a survey of the secondary roads in the county, were present to report on the progress being made.

Maps showing the recommendations which will be made to the Department of Highways in respect to the M. D. of Willow Creek and County of Vulcan area were left with council and the general plan approved by the study group of delegates from the area received the general approval of the county councillors.

Priorities in the improvement of roads in the County of Vulcan were established as follows: first priority, the improvement of the road east of Vulcan as far as Lomond; second priority, the road from the junction of Highways 23 and 24 east to Milo; third priority, the district highway west of Vulcan; fourth priority, the road from Mossleigh to Arrowwood.

## Load Limits

Mr. Carter, Senior Inspector of the Attorney-General's Department was present and discussed with the Council the matter of load limits on municipal roads. Mr. Carter pointed out that it was within the powers of the County Council to control load limits in the County and he explained some of the features of the Vehicle and Highway Traffic Act regarding the enforcement of load limits and vehicle loading. All municipal roads, by statute, were required to carry a 45,000 gross vehicle load, and it was within the power to increase this limit if it was thought necessary and advisable.

Mr. Carter pointed out that Highway 23 running through the County of Vulcan had a load limit of 72,000 pounds, and unless the County would permit a load of this size to use the County roads, this type of traffic would not be able to haul some of the needed materials into the villages in the area. Councillors were very interested in Mr. Carter's interview, and took under advisement the matter of increasing the load limits in the County and this matter would be discussed some time before the first of March.

## Agricultural Survey

The councillors interviewed Mr. Clark of Hedlin, Menzies and Associates, Winnipeg, who are making the agricultural survey in the County. Mr. Clark introduced Dr. Gordon Burton who had recently joined the firm and was interested in the work of the survey which is being made. Matters pertaining to the survey were discussed, and much information was given to the councillors by Mr. Clark and Dr. Burton. Councillors were assured that the preliminary organization work of making the survey is well in hand, and that

progress is being made in obtaining the information being sought.

## Other Business

A letter from the Chief Municipal Inspector and a copy of the Inspector's Report of an inspection made at the office on November 14, was read to the meeting. The inspector noted that the requirements of the various acts had been carried out with the exception of the initialling of some of the Tax Roll cards regarding the mailing of the assessment notices in October, 1965. He also noted that the Court of Revision was not held within the statutory time, but this item was not of vital importance. He commented on the fact that the financial affairs of the County were in excellent shape and noted that the business was being conducted in an efficient manner by the Secretary-Treasurer and staff.

It was moved and carried that the Inspector's Report be received and placed on file and that the Reeve acknowledge the report and advise that the matters had been corrected.

The Secretary-Treasurer read a statement from the Alberta Association of Municipal Districts and Counties, showing that the dividend for the County of Vulcan during the 1965/66 season amounted to a total of \$3,128.04. It was also reported that a remittance had been received for this amount. It was also noted that the County of Vulcan had a balance in the reserve account with the Association amounting to \$1,998.69.

Application from Calgary Power Ltd., and Farm Electric Services Ltd., for power extensions at Brant and Lomond were approved.

## Varied Program Presented For Senior Citizens

A local duplicate bridge club sponsored a program for the residents of the Peter Dawson Lodge at 6:30 p.m., New Year's Eve.

Linda Voisey sang "Spoonful of Sugar," Martin Gottenberg played some old favorites on his banjo, a duet "Let's Go Fly a Kite" was sung by Linda Voisey and Janet Tompkins, violin selections were rendered by Ed Pedersen of Medicine Hat, a selection "Feed the Birds" was sung by the trio of Linda Voisey, Janet Tompkins and Sylvia Allan, two recitations "Albert and the Lion" and "The Magna Carta" were given by Mrs. Jean Kozlowski, Sylvia Allen sang a collection of old favorite songs, Bill Tompkins played a piano medley, Gloria Cormier sang two folk songs and Dr. A. D. Tompkins presented a magic act.

The program ended with everyone singing "Auld Lang Syne."

## May Revise Load Limits

A letter from Alberta Government Telephones enclosing maps showing the buried cable in the Milo area was read to the councillors. The maps were enclosed for the information of persons who are interested in knowing where these cables are located.

By-Law No. 580, a by-law to authorize the sale of Lot 17, Block 2, Plan Travers 927 A.Y. to William Fredlek Stamp for the sum of \$141, was introduced, read the required three times and passed.

By-Law No. 598, a by-law to authorize the establishment of a recreation area in the Milo District with the Village of Milo, was introduced and read a first time. It was moved and carried that the by-law pass its first reading.

By-Law No. 598 was read a second time. It was moved and carried that the by-law pass its second reading.

The Secretary-Treasurer produced a petition from ratepayers in the proposed Lomond Recreation Area asking that By-Law No. 577 be referred to a vote of the ratepayers. It was noted that the petition was in order, having the required number of names, and that the by-law should be referred to a vote as requested. The Council deferred action as to setting the date of the vote until the January meeting.

The Secretary-Treasurer read a letter from the Project Engineer, Bow River Project, Vauxhall, in respect to a road on the north side of Section 36-18-22-W4th. The letter pointed out that some work was done during the last summer to protect the road from water erosion caused by the adjacent slough. The water level in the slough had been lowered approximately one foot, and coarse gravel and rock was placed along the south side of the road. The letter further stated that this, at the time, was as far as the Department was prepared to go to protect the road. The Engineer pointed out that a check of the situation would be made next spring to see what results this will have on preventing the erosion. It was moved and carried that Mr. Whitacker, Project Engineer, be invited to attend the Municipal Committee meeting to be held in January to discuss this road.

It was moved and carried that the following road plans be cancelled as these diversions are no longer necessary: Plan No. 6839, North or Sec. 24-19-25-4; Plan No. 577, North of Sec. 12-21-26-4; Plan No. 4057 M.D., N.E. Sec. 36-17-21-4.

The matter of an account owing by the Village of Carmangay to the County for the construction of roads and streets within the Village of Carmangay was discussed, and some of the councillors felt that the villages in the County area should be assisted in some way by the County if road improvements (Continued On Page 7)

The many cases of coronary attacks can be blamed, in part, on today's affluent society, the Canadian Medical Association reports. The typical North American male is overweight and under-active, eats too much and smokes too much, and is often under pressure that causes a great deal of anxiety—all which might be factors leading to a heart attack.

### OWNERS AND OPERATORS OF MOBILE EQUIPMENT

Effective January 1, 1967, all mobile equipment coming within the definitions quoted below is again subject to licensing, if such equipment is operated anywhere within the Province except in Cities or National Parks.

INSPECTORS ARE CONSTANTLY IN THE FIELD CHECKING ALL SUCH MOBILE EQUIPMENT. PRACTICE OF ISSUING WARNING TICKETS WILL BE DISCONTINUED AND ANY VIOLATION OF THE ACT WILL BE CONCLUDED IN COURT PROCEEDINGS. PROVISION IS MADE FOR THE IMPOSITION OF A FINE AND POSSIBLE IMPOUNDMENT OF EQUIPMENT WHERE A VIOLATION OF THE ACT OCCURS.

The following definitions are taken from the Mobile Equipment Licensing Act:

#### (d) "MOBILE EQUIPMENT"

- (1) means machinery or equipment capable of being moved to its place of use under its own power or by being towed, pulled or carried and not intended to be affixed to land and,
- (11) includes equipment used for the purpose of seismographic exploration and, without restricting the generality of the foregoing, includes
  - (a) seismographic recording equipment and all appurtenances thereto,
  - (b) conductor cables and cable reels, geophones, amplifiers and cameras,
  - (c) explosive and detonating equipment
  - (d) drilling units and all the component parts and appurtenances thereof, and
  - (e) water tanks and pumping equipment, but
- (11) does not include
  - (a) vehicles licensed under The Vehicles and Highway Traffic Act, or The Public Service Vehicles Act, exclusive of mounted equipment on such vehicles, and
  - (b) equipment, other than vehicle mounted equipment, used to drill a gas or oil well;
- (e) "municipality" means a town, village, municipal district, county, improvement district, special area, metis improvement district or forest reserve.
- (f) "owner" includes a person renting mobile equipment or having the exclusive use thereof under a rental agreement or otherwise;

NOTE: Mobile Equipment having an original list price of less than \$2,000 does not require a license under this Act.

A copy of The Mobile Equipment Licensing Act may be obtained upon payment of ten cents from the Office of the Queen's Printer, 10255 104th Street, Edmonton, Alberta.

Address all inquiries regarding MOBILE EQUIPMENT LICENSES to Supervisor of Mobile Equipment Licensing, Department of Municipal Affairs, 10363 108th St. Edmonton, Alberta. Licenses are also available at Department of Municipal Affairs Offices at Medicine Hat, Lethbridge, Calgary, Rocky Mountain House, Red Deer, Edson, Evansburg, Bonnyville, Lac La Biche, Westlock, High Prairie, Peace River, Spirit River, Grande Prairie, Drumheller, Valleyview and the Special Areas Offices at Hanna, Oyen and Consort.

### EARLY SEED CLEANING PAYS

I am sure everyone of us at one time or another have put off buying some object or service in hopes that the cost will go down. In most cases when we return we find the cost has risen. It's the same with our Seed Cleaning Plants, the price rises as the seasons pass. Our three Co-operative Seed Cleaning Plants operate the year round. The manager is hired, the taxes are due and the power must be paid on a twelve month basis. To provide better service and still keep costs within reason, the rate structure is such that those who clean seed early get an advantage in the price charged per bushel. In this way the work is spread out over a longer period of time with no line-ups, long waits or the many other frustrations which we have when cleaning at seedling time.

Eliminating weeds from cereal seed is one of the cheapest and most effective forms of weed control a farmer can practice. It is also important to remember that the seed is graded into different sizes during the cleaning process, thereby enabling the operator to select the larger kernels for planting. Large kernels, being more vigorous than smaller ones, usually have a higher rate of emergence and are better able to withstand adverse weather conditions. In the case of barley, the larger kernels have a lower incidence of loose smut infection.

Treating seed in the fall and holding it in storage during the winter months is just as effective from the point of view of disease control as treating it in the spring. There is no detrimental effect to germination unless the seed is damp or tough.

Another point worthy of note when we're talking about seed cleaning is that most ergot can be removed from seed at the Plant. This way you won't be seeding your summerfallow to ergot in the spring. The wire worm treatments are not any real use at half rates. Use the full rate this year if you've not been using the full rate. Then don't treat for those little beasts until you can just begin to see them again. That should mean that you won't need to treat again for two or three years or more. It makes good sense to use the right amount of chemical. We wouldn't think of trying to kill Canada Thistle with 3 ounces of

### 24-D, so why try to wipe out wire-worms with half enough chemical.

**WELDING CLINIC TO BE HELD**  
Registrations are now being taken for a Welding School to be held in the Northern half of the County. This will be a five (5) day clinic with all equipment, such as welders, rods, etc., supplied. A qualified instructor will be on hand and if you have had previous welding experience, the course will be set up to assist you in improving the skills that you already have.

There is a fee of \$5.00 for the week. If you are interested, please send your name and money in by the 20th of January, to District Agriculturist, Box 480, Vulcan, Alberta.

The clinic itself, will be held the week of January 30th to February 3rd, 1967. The exact place will be announced at a later date.

## Teacher Aides

From the average person's point of view, the decision to use teacher aides for purely non-professional duties in schools makes a lot of good, common sense.

Certain time-consuming clerical and supervisory duties can certainly be handled by non-professional assistants, thus freeing the highly-trained professional teacher for more classroom instruction. In many respects the idea is similar to the now widely accepted use of nurses' aides in hospitals, where they perform routine duties that formerly occupied much of the time of highly skilled professional nurses.

The duties that teacher aides can perform are many: completing routine forms, typing, handling textbook rentals, operation of duplicating equipment, supervision of lunchrooms and playgrounds, preparation and maintenance of teaching equipment, etc.

The teacher aide program will be used on a limited scale this year, at Vulcan, Champion and Brant schools, and should result in greater utilization of time by the professional teaching staffs.

## We'd Like To See . . .

For this new year of 1967 we'd like to see—

- Lots of rain, no hail and good quotas for all our farmer friends.
- Sufficient funds raised to see the Vulcan Recreation Centre become a reality.
- A definite, long-range program for hard-surfacing the rest of Vulcan's streets.
- More interest in the centennial projects of the town and villages in the county.
- Good business and good collections for all the businessmen in the county.
- A happy and prosperous year for everyone.

## 4-H Club Notes

Lomond 4-H Beef Club—

The second meeting of the Lomond Beef Club took place on Dec. 10, at the home of Glenda Root.

The meeting was called to order by Marie Bolduc. Esther Craine had the pledge. Then the roll call which was "The Starting Weight of Your Calf" was called. The business was discussing the people who would attend the 4-H Rally meeting. Also the idea of a Christmas party was brought up. It was made a motion to have it on Dec. 27 at the Armada School at 8 p.m. Each person was to invite a guest. Admission fee was 25c per person. Doug Bolduc, Esther Craine, Glenda Root, Wendy and Dorothy Lucas were chosen to be on a party committee.

In the project section, Linda Maier showed us the correct method of filling out record books. For recreation, Nancy Crawford, Susan Thompson and Glenda Root made up three contests.

The evening was brought to an end with a lovely lunch served by Willie Hildebrand, Wesley Stanika, Wendy Lucas and Esther Craine.

Club Reporter,  
Wendy Lucas.

### SCHOOL COMMITTEE MEETING

The regular December meeting of the School Committee of the County of Vulcan No. 2 was held in the Council Room, County Building, Vulcan, Alberta, on Monday, December 12, 1966. The meeting convened at 10:15 in the forenoon. Committee Chairman F. N. Thubert presided, and Committee Members Ray Wellman, E. W. Prater, D. A. McNiven, E. E. Burris, A. McAllister, George Moses and Earl Erickson were present. Also present at the meeting were E. F. Bardock, Superintendent, and D. D. McQueen, Secretary-Treasurer.

L. J. Smith, Village Representative to the Committee from the Village of Milo, was present and interviewed the School Committee in respect to one or two matters regarding the Milo School. Mr. Smith spoke about the application to obtain stage curtains, and as this was somewhat of a major expenditure, the members of the committee decided to investigate the request and Mr. Burris would visit the school in the near future and make a report to the next meeting.

Mr. Bardock, Superintendent, presented the committee with a number of recommendations and changes in the regulations contained in the Handbook.

The first recommendation was that in respect to the present use of the "normal curve" system of that very often the marks were unduly low owing to the policy of maintaining that not more than 60% of the class could receive passing grades. It was felt that this was a very unsound practice to use in County Schools. It was moved and carried that the School Committee authorize the Superintendent to implement a reporting system that does not make use of the mandatory "normal curve" system of grading.

Another recommendation was that very often the schools were not open when buses were arriving from the country, and in some cases, the pupils were kept outside in the cold weather. A recommendation that schools be opened to admit students not later than 8:30 in the forenoon was adopted; also, that in special cases, the principal might vary this regulation and open the school earlier, at his discretion.

Mr. Bardock spoke on the matter of using lay personnel to assist in the work of the school, and suggested that good use could be made of such persons to work in the library or supervise study groups or assist in the office work of the school. He pointed out that good use could be made of such assistance by the Hazel Cameron Elementary School and the Brant School. These additions would be made under the supervision of Mr. Bardock.

It was moved and carried that the County award the contract for propane for schools and teacherages to Suburban Propane Ltd., Calgary, at 10.8c. The members of the Committee felt that the County had received such good service from Suburban Propane Ltd., not only in the supplying of propane, but in servicing the installations which they had made previously, and their services would be retained for another year, even though the price was slightly higher than the low tender.

It was regularly moved and carried that an order be placed for a new movie projector for the Mossleigh School.

It was moved and carried that the County purchase one Toronado floor washer for the sum of \$1,140 from T-Line Chemicals Ltd.

The matter of assistance to parents who are sending their children to the Opportunity Class in Vulcan was discussed. It was regularly moved and carried that the County allow \$150 per day board in lieu of transportation for those pupils who find it necessary to find places in Vulcan to have the pupils board while attending the Opportunity Class.

The Committee discussed the

matter of setting a policy for assisting parents whose children require special therapy such as speech therapy, and decided to table this matter until the next meeting.

Mr. Bardock spoke of the Fine Arts Council of the A.T.A., consisting of Music, Art and Drama, sponsoring a conference in these subjects later this year. The cost of the conference would be \$5 for registration plus \$10 per day for accommodation, mileage, and a substitute teacher for one-half day or more. The Committee set a policy in respect to this conference of contributing the sum of \$25 and payment for a substitute teacher for those teachers on the staff who wish to attend this conference. All applications for attendance at the conference should be recommended by the principal and approved by the School Committee.

It was moved and carried that School Committee set a policy of \$6.00 per season for car block heaters at the various schools on the understanding that no car would use in-car heaters which are not allowed.

The members of the Committee considered a request from Rev. Patrick Cramer of Brant Catholic Parish for the use of the Brant School one Saturday per month to conduct religious education. The members gave this matter very serious consideration and were sorry to have to refuse the application to amend its regulations which do not permit such a procedure in the County schools.

A letter from the Secretary-Treasurer of Zone 6 of the Alberta School Trustees Association, in respect to a survey in Zone 6 regarding a report on the progress re Educational TV, was read. The letter asked that the County contribute the sum of 25c per pupil towards the cost of such a survey. It was moved and carried that the County of Vulcan does not wish to contribute to this survey.

The Secretary-Treasurer was instructed to obtain a price on an additional TV set for the Hazel Cameron Elementary School.

A report was given to the members of the Committee in respect to a visit of Mr. Marion Law of Mount Royal College to Vulcan when he spoke to the Principals' Association and a number of the senior teachers in the County schools. Mr. Law had outlined the Mount Royal College program and the manner in which the college is assisting people who desire to obtain further education, even though they may not be qualified to enter a university or a junior college. Mount Royal College would design courses to fit the individual needs of its pupils, and it was contributing a great deal to the educational opportunities in the province. It was suggested that the County of Vulcan should make application to join the Mount Royal College area for the purposes of contributing to its deficit, which would obtain for students from the County area a reduced fee for tuition and would be advantageous in obtaining entrance to the college for people from the County.

It was moved and carried that the School Committee recommend to the County Council that a formal application to join the Mount Royal College area be made to the College Board.

A letter from Hesselton & Roddie, Nanton, in respect to the Town of Nanton's bid to obtain a vocational school, was read. No action was taken on this matter.

Mr. O'Reilly drew to the attention of the members of the Committee the situation in respect to new buses for the 1967 school term. He pointed out that there were some 15 buses in operation on which the provincial government period of allowing depreciation had expired, and suggested that the Committee should consider replacing about ten of these buses. This matter was taken under advisement, and would be considered in the spring when the budget was being prepared.

### MUNICIPAL COMMITTEE MEETING

The regular December 1966 meeting of the Municipal Committee of the County of Vulcan No. 2 was held in the Council Room, County Building, Vulcan, Alberta, on Wednesday, December 14, 1966. The meeting convened at 10:15 in the forenoon. Chairman of the Committee, Ivan Haga, presided, and Committee Members Marshall Willard, A. W. Ulrich, F. E. Hubka, and D. A. McNiven were present. Also present at the meeting were D. D. McQueen, Secretary-Treasurer, Robert Brown, Shop Foreman, Martin Dersch, Construction Foreman, and J. O'Reilly, Maintenance Foreman.

Steve Dixon of Brant was present, and interviewed the Committee in respect to a number of items as follows: Mr. Dixon complained very strenuously about the road allowance lease which had been granted to John J. Entz and David D. Entz of the Hutterite Colony at Brant. The road in question was two miles, West of Sections 17 & 20, and one mile North of Section 7-17-26-4. Mr.

Dixon complained that this road was being used to pasture stock and that some of his fencing was being damaged, and altogether, it was a very unsatisfactory condition for him. The Secretary read a letter which had been sent to the Director of Lands, Department of Lands and Forests, dated November 15, 1965, asking that this road allowance lease be cancelled. There was no information as to whether this had been done or not. Members of the committee felt that in view of the protest by Mr. Dixon the lease should be cancelled, and instructed the Secretary to write a letter to the Department to find out if this had been done.

The next item discussed by Mr. Dixon was the matter of the cemetery in the corner of the S.W. 30-17-26-4. It was noted that 2 acres were reserved as a cemetery plot in the name of the United Brethren Cemetery Association. This had been neglected very badly and allowed to grow up with weeds and it was highly desirable that the cemetery should be moved. Correspondence from the Department of Vital Statistics and Sanitary Engineering of the Department of Health was read, which set out the regulations in respect to moving graves, and from the information contained in the letter, it was felt that it was almost impossible to have the graves moved legally as it was necessary to obtain the consent of next-of-kin, which was now impossible. Mr. Dixon suggested that this item could be overcome by obtaining an order from the Court to have the graves removed. The Secretary was instructed to take this matter up with the Department again, and obtain further information.

Mr. Dixon also mentioned the matter of a Calgary Power pole line on the edge of his property, and was advised that this was in order as the road was being widened.

An official of Tollestrup Construction Company was present at the meeting and discussed the matter of gravel crushing. It was moved and carried that the County increase the number of cubic yards by 5,000 at the Cluny Pit, and 5,000 additional cubic yards from the Bow City Pit.

The Secretary-Treasurer was instructed to write a letter to the Department of Highways in respect to the maintenance of the access road from Highway 23 to Little Bow Park after the road was finished.

Members of the Committee discussed the improvement of the road at the bridge on S/W 30-17-25-4, Bridge File 76119. It was moved and carried that the matter of building this road and erecting the bridge be left for the present, as the water table at this time is too high to permit the grading of the road, and this condition would likely continue for a considerable length of time. The County of Vulcan would advise the Department some time in the future when this work might be undertaken, and in the meantime, the file in this be closed for the present.

Mr. Dersch asked the Committee for permission to obtain information and prices on the building of a new cook car by Klassen Homes Ltd. It was moved and carried that Mr. Dersch be authorized to obtain the prices for the Council meeting.

It was moved and carried that recommendations be made to the County Council to purchase a used Massey Harris 55 Diesel Tractor for the sum of \$400, from Vulcan Red Line Farm Equipment.

Members of the Committee discussed the matter of new machinery for next year, and decided to obtain prices on two motor scrapers, the old TD24, and probably a maintainer. Street Robbins and Morrow, and Ferguson Supply Co., were advised to appraise the machinery we have for trade.

### CLERICS' CORNER

By Rev. R. A. Matejka, Bethel Lutheran Church

When requested to write an article for a newspaper and not knowing when that article will be printed, it brings back to my mind the recent memories of Seminary days. More particularly, it brings to mind the necessity of writing sermons to satisfy a professor without "writing to the needs of the people" as that same professor had taught us.

However, this could perhaps lead us to consider the words of St. Paul in the fourth chapter of his first letter to the Christians at Corinth. "To me it is a very small thing that I should be judged by you or by the day of man. I have not been justified by this—He who judges me is the Lord."

These are words which are fitting for all people of all time. This can be said because St. Paul says just before this that the one important thing which is necessary in those who "are Christ's" is "that one be found faithful." Whether it be before, at, or after the Christmas, it is still necessary that one be found faithful if he calls himself a Christian.

Unfortunately, the word "faith" is one which is thrown around with about as much real meaning as the word "great" today. Most people who speak about "faith" seldom attach any meaning to the

### ARROWWOOD

A farewell party was held at the home of Mr. and Mrs. Forest House on Monday, Dec. 19 for Mr. and Mrs. Alan Geals who were leaving the district to live at Canmore. Mrs. Leigh Williams presented Mrs. Geals with two coffee spoons from the FWUA. Herb House presented the Geals with a picture and a purse of money from their friends. Alan and Grace thanked everyone and hoped people would stop to see them when they went through Canmore.

The Christmas Concert was held on Wednesday, Dec. 21 with a capacity crowd in attendance. This is one of the few places that a concert is still held and everyone enjoys them and Mr. Laycraft on behalf of the Home and School thanked the teachers for the work they had done. The auditorium was decorated very nicely. Santa Claus arrived and candy bags were given to all the children. Charlie Smith from the Blackfoot Reserve presented some of the children from the reserve with awards.

Pete Brown quit driving a school bus on Dec. 22 after driving for eighteen years. Arnold Pobst will be driving a county bus on the route that Pete had been driving on. The Lions Club purchased Pete's bus to keep in the district for a courtesy bus to take the children to hockey games, volleyball, etc., because every year it seems harder to get the parents to take cars or it is not always convenient.

The Gleichen Gunners played hockey at the Lethbridge Annual Boxing day Tournament bringing home the trophy for the second year. They beat Medicine Hat 8-4, and Taber 5-2. Terry Brown, Lloyd Gooch, Dennis Brown and Allen Barr play on this team.

The other hockey teams have been busy in the holidays too, winning some games and losing some.

## HERE ARE THE FACTS

### ABOUT BENEFITS UNDER THE NEW

## GUARANTEED INCOME SUPPLEMENT

### TO THE

## OLD AGE SECURITY PENSION

The new guaranteed income supplement is a monthly payment of \$30 which will be added to the present \$75 Old Age Security Pension if the pensioner has no other income.

However, if the pensioner has other income but it is less than \$720 a year (\$60 a month) the pensioner still qualifies for a supplement but on a reduced scale depending on his other income.

Every Old Age Security Pensioner is thus guaranteed a minimum income of \$105 a month.

### Married Pensioners:

If both husband and wife receive the Old Age Security Pension, and have no other income, both qualify for the \$30 a month supplement, assuring them a minimum of \$210 a month. If married pensioners have a combined income of less than \$1440 a year, not including their Old Age Security pensions, each may qualify for a supplement at a reduced rate.

### Application Forms:

An application form and a booklet containing details of the guaranteed income supplement will be mailed to all Old Age Security pensioners during February. They will be asked to read the booklet carefully and fill in the application form at once. Married pensioners are asked that each fill in an application form and mail the two in the same envelope. *Income does not include war service pensions, gifts from relatives and money from a number of other sources. A list of items not considered as income is shown on the application form and in the information booklet.* Pensioners may receive help in preparing applications by contacting the Old Age Security, Canada Pension Plan or Income Tax offices. Addresses are available in the booklet.

### Payment Dates:

At least two months are required to deal with applications. Some pensioners will receive their supplementary payments combined with their Old Age Security pension cheques in March. Others will receive their combined payments in April. Pensioners entitled to a supplement as of January 1967 will have their payments back-dated to January.
